What are "Contributed Goods"?

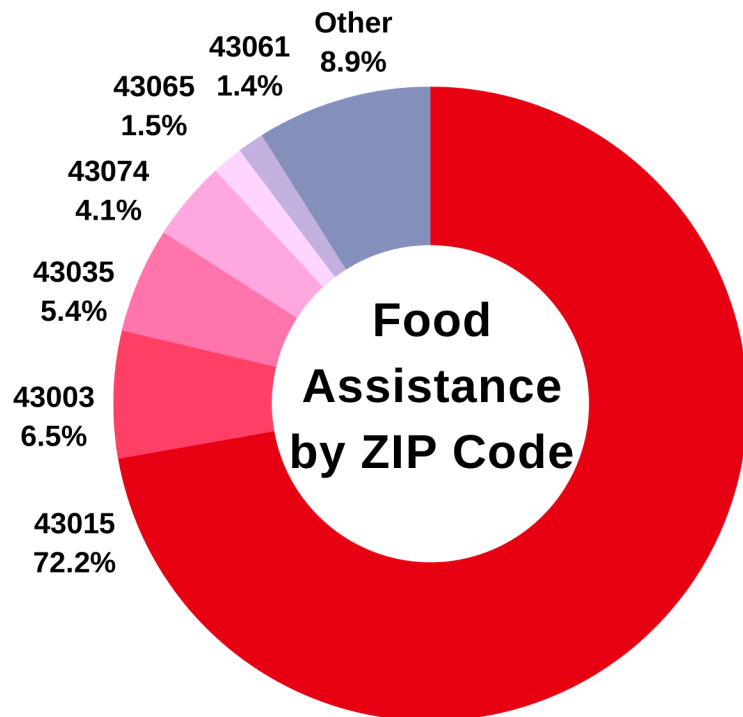

The term "Contributed Goods" captures many forms of support. Any item donated to our organization is considered a Contributed Good. This includes food, fans, toys, winter coats, cleaning supplies, or personal care items. These goods are then distributed right back into the community to make an immediate impact and improve the lives of our neighbors in need.

Where's the Impact?

Our clients live throughout Delaware County, from Columbus to Ashley and Ostrander to Sunbury.

These neighbors all live below 200% of the Federal Poverty Level. Many make too much to qualify for assistance through programs like SNAP, which requires income below 130% of the FPL.

Those who come to PIN are facing an immediate or long-term crisis. Many have lost income, a spouse or other family member, or have come into unexpected emergency expenses due to illness or disaster. These neighbors are at a pivotal point in their life where assistance from PIN is critical.
